Young people's meeting, 8 p. m. Evening service, 7 p. m. Topic: "Why An Amateur Hour?"

Choir rehearsal Wednesday, 8 p. m. Board meeting Wednesday, 7:30 p. m.

The subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist is "God the Only Cause and Creator." This verse from Jeremiah, "Ah Lord God! behold, thou hast made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee," constitutes the Golden Text.

The Lesson-Sermon includes also these words of the Psalmist: "Lord, thou hast been our dwelling place in all generations. Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God. . . . Let thy work appear unto thy servants, and thy glory unto their children." These verses from James are also presented: "Do not err, my beloved brethren. Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variable shadow, neither shadow of turning."

Among the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are the statements: "When mortal man blends his thoughts of existence with the spiritual and works only as God works, he will no longer grope in the dark and cling to earth because he has not tasted heaven. When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God good and needing no other consciousness."

Children's Day at Church Here

Children's Day program with the participation of the several departments will provide one of the most interesting morning periods in the Methodist church next Sunday morning. Recitations, vocal and instrumental music will be programmed. The pastor will bring a brief message to the children and the service of Christian baptism will be included. The school hour at 9:45 will be as usual and the public program will be at 11 o'clock.

Swanee Singers, a Negro male quartette from Mississippi, will bring their popular and inspiring program of music and dialect readings at the 7:30 p. m. service. These singers were formerly part of the Cotton Blossom Singers from Piney Woods School of Mississippi. A plan of promotion and advertising for this service includes a personal ticket sale by boys and girls who are interested in attending summer camp this year.

The Coordinating Council has set aside a sum of money for local young people who might be worthy of assistance in enrolling in one of the many camps. The proceeds from the ticket sale will be divided among those who participate in this promotion project to supplement the larger fund and enable more to enroll.

Revival Services at Baptist Church Are Attracting Attention

Revival services, in charge of Evangelist Carl Bassett and the resident pastor, Rev. C. Miles Northrup, are attracting attention.

Northrup, a resident of the First Baptist church, is the special evangelist and the series of meetings and sermons is to conclude June 16.

The church was crowded at both services. Last Sunday when the evangelist gave two stirring messages, his service each week night excepting Saturday is unique inasmuch as he draws a picture during the course of his address and this is then presented to the one bringing the most new people to the meeting.

Bassett's colored slides and special music add greatly to the interest of the services. It is reported, tonight he will speak on "The Nail-Pierced Hand." His sermon topics for the remainder of the week are: Friday, "The Face of Jesus"; Sunday morning, "The Broken Circle" and Sunday evening, "The Old Rugged Cross."

When he left here to go east, Steele was respectfully by fellow-members of the Torrance Moslems to visit Moslemheart, Ill., where the lodge maintains one of the outstanding vocational schools of the nation. He stopped for a brief visit and was so impressed with the educational facilities that he said, "I wished I were a youngster again so I could attend such a fine institution."

Steele brought back word that organized steel workers throughout the nation will celebrate "Red Monday" on June 16 in honor of the day when he was elected four years ago and to commemorate the steel union's birthday.

Christian Scientists Gather in Boston for Annual Church Session

An appeal for calm and more faith in the omnipotence of God in the face of present world turmoil, featured the gathering in Boston, Mass., this week of the thousands of Christian Scientists from all over the world for the annual meeting of the First Church of Christ, Scientist, in Boston, Massachusetts.

Trusting in the omnipotence of God," said Harry C. Boyane, First Reader of The Mother Church in reading a message from The Christian Science Board of Directors, "enables one, through demonstration, to enjoy the freedom of thought resulting from the unfolding of the characteristics of divine Mind as expressed by Christ Jesus."

Mrs. Margaret M. Jones, General Edna E. Glenn, of the United States Army, was elected President of The Mother Church to succeed George Shaw Cook, C. S. B., of Brookline, Mass. Ezra W. Palmer of Marshfield, Mass., was elected Treasurer and Clerk, respectively. The chief duty of the President is to serve Miss Evelyn Scherman, 746 Saratoga avenue, Tuesday for an appendectomy, and Mrs. Dorothy Snively, Redondo Beach, Tuesday for medical care.

Mrs. Zola Shaw, Coachella, Sunday for surgery; Mrs. Margaret Van Nostrand, Hermosa Beach, Monday for medical care; and Mrs. Wilkins, Redondo Beach, Monday for surgery.

Tobacco was first planted by colonists in Virginia in 1612. The Herald—3 months, 50 cents.

Steele Reports on Convention Today

(Continued from Page 1-A)

Our union has the respect of the employers, with whom we do business. For 50 years the men and women of labor, as well as other citizens, said the steel workers could not be organized. They said the financial interests who control the industry were too powerful for labor to cope with. We believed in 1935 and 1936 that the steel industry could be organized and in 1940 we know that it has been.

Features of Convention

Highlights of the Chicago conference, according to Steele, were: (1) The resolution declaring that organized workers must lead the fight to keep America out of foreign wars in order that our own economic and social problems may be solved; (2) the adoption of resolutions to organize labor corporations to counteract the Wagner Labor Relations Act; (3) the adoption of resolutions to support the Federal Housing plan; (4) delegates voiced high praise of President Roosevelt for his vigorous attempts to correct social and economic ills of this country but resolutions that he be endorsed for a third term were referred to the SWOC executive officers because he has not yet declared his candidacy.

Steele brought back word that organized steel workers throughout the nation will celebrate "Red Monday" on June 16 in honor of the day when he was elected four years ago and to commemorate the steel union's birthday.
